# Rx for Change

You can write a prescription to change someone's life through HealthCare Ministries by using 13DR vials and filling them with 28 quarters. That's \$7 (bills accepted), and that's all it takes to treat just one person on an HCM outreach. You can download a free template of labels at [www.healthcareministries.org](http://www.healthcareministries.org) under Resources to make your own!

## Step 1

Fill each vial with 28 quarters, which is \$7.

## Step 2

Write a check and send to:
